“We’re not comfortable until you are!”

EXCLUSIVE “NO LEMON POLICY”:

We understand that not every manufactured piece of equipment is 100% perfect, 100% of the time. Since our customers deserve to receive 100% trouble-free heating and cooling products that they have invested in, LAND Heating and Air Conditioning offers an exclusive, “NO LEMON POLICY.” It’s very simple, if the compressor in your air conditioner should fail within the first five years or the heat exchanger on the furnace should fail within the first ten years, WE WILL REPLACE IT AT NOT COST TO YOU! Customers truly appreciate that we are committed to our customers’ long-term satisfaction.

INSTALLATION WORKMANSHIP:

Our installation technicians are the best when it comes to skill, attitude and workmanship. They’ll treat your home as if it were their own. Tarps will be laid down to protect your floors and the jobsite will be cleaned upon completion as if we were never there.

OUR EXCLUSIVE

PERFORMANCE POLICY:

We will install a furnace or air conditioner according to the manufacturers’ specifications. If it does not maintain a one-degree plus-or-minus reading at the digital thermostat we installed, we will come back and make any changes necessary to reach that desired temperature. No charge to you. A twenty-degree difference from the outside temperature to the thermostat is recommended on cooling mode.

LOWEST PRICE POLICY:

Anyone can quote a job inexpensively by cutting corners. It is important to know what you’re receiving and more importantly what you are not receiving! Our promise to you is that we will meet or beat our competitors’ price when quoting comparable equipment. All we ask is that you give us a call and find out.
